

# INTERNATIONAL SEMINAR

Faculty of Health and Well-being  
4<sup>th</sup> and 5<sup>th</sup> of October 2021

## Webinar

TUAS Master School welcomes teachers and students alike to join a international seminar focusing on Master level studies in Health and Well-being. We will organize this event as Webinar.

We invite educators and master students from our partner universities to come and join our seminar by providing a short lecture of 15-30 minutes to students and colleagues. The students participating the seminar will be Master level students, who are studying Advanced Practice, Cultural Wellbeing, Gerontological Care, Health Technology, Health Promotion, Management and Leadership in Social and Health Care, Rehabilitation & Physical Activity and Social Services.

## Preliminary seminar program

- **Mon 4 October:** Opening and Keynote speech and lectures for Master students (parallel streams), possibility also online workshop, students poster presentations
- **Tue 5 October:** Keynote speech and lectures for Master students (parallel streams), possibility also online workshop, students poster presentations

## Practical information

- There is no participation fee in the event
- Please [register here](#) by **8 August 2021** and find more info on practical matters from our website: [www.tuas.fi/internationalweek](http://www.tuas.fi/internationalweek)

**You are most welcome to Turku Master School seminar! See you in September!**
